

# Our £1 drop off facility

Our new drop off facility, located on the ground floor of our multi-storey car park, costs drivers £1 for 10 minutes\* to drop off or collect passengers.

The new premium drop off facility is undercover, protecting users from Scotland's weather, and has 52 pull-in bays to reduce double parking.

The £1 drop off facility is located less than a minute's walk from the terminal.

\*After the 10-minute period the cost will increase to £5 for 10-20 minutes, and £7 for up to 60 minutes. Every hour after the first hour will be charged at £9 per hour. These rates have been set to encourage dropping off. If you require parking, you should use the short stay car park.

**15p** from every £1 drop off charge will be **invested** into environmental and **community** projects in and around Edinburgh Airport.

# Our free drop off facility

Our new free drop off facility, located in the long stay car park, provides family and friends with a spacious area to say goodbye, or to welcome passengers.

The free drop off facility is serviced by a fleet of buses to take passengers to and from the terminal door every 10 minutes, 24 hours a day.

The new facility provides more space allowing more cars to park, creating a safe environment for passengers and their family and friends to say their hellos and goodbyes. The journey to the terminal building takes approximately five minutes.

During peak times, a car enters the current drop off area **every 11 seconds**.
